- At any time in the game, a player or goalkeeper may be substituted by leaving the field of play at the team's exclusion re-entry area. The substitute may enter the field of play from the exclusion re-entry area as soon as the player has visibly risen to the surface of the water within the re-entry area and touched hands above the water with the substitute.
  - Substitution from the 'flying substitution' area is also allowed when the substitute enters the area from behind the extended goal line, both players, the exiting player and the substitute, are in the water, outside of the field of play and touch hands above the water.
10. In the Round-robin stage:
- i. The classification of teams in the Preliminary Round will be made on points namely 3 points for each match won, 1 point for each match drawn and 0 points for each match lost.

The ranking in each group is determined as follows:

- (i) Greatest number of points obtained in all group matches
  - (ii) If 2 teams shall have equal points, further classification shall be established as follows:
    - A. The team winning the game between them shall be placed higher.
    - B. If the game between them was tied, then the results against the highest placed team(s) in the group shall be considered.
    - C. The first comparison shall be based on goal difference, and if still tied, then based on goals scored.
    - D. The comparison shall be made first compared to the highest placed team (or teams, if tied) in the group.
    - E. If still tied, the results against the next highest placed team (or teams, if tied) shall be used in succession until all results have been considered.
    - F. If still tied, the teams shall shoot penalty shots to determine which team shall be placed higher. Each team shall nominate 5 players and a goalkeeper who will participate in the penalty shoot-out. The team shall shoot 5 penalty shots at the goal of the other team, alternating shots. If a tie exists after each team has taken 5 shots, then teams shall take sets of alternate shots until one team scores and the other does not. The procedure shall be conducted following the final game of the round or at the first practical opportunity.
    - G. If there is more than one tie in a group, the highest placed tie shall be determined first.
    - H. If it is the situation where there is more than one tie in a group and it is not possible to determine the highest placed team then all results within the group shall be used to determine the highest placed team.
11. In the Ranking stage, a penalty shoot-out (PSO) will be conducted in case of a draw match.
- If a PSO has to determine the outcome of a game, the game will follow the procedure and protocols in Appendix 6, World Aquatics Water Polo Rules.
12. In case of exclusions, the excluded player shall stay in the exclusion area for 18 seconds, and return to the match.
